

Welcome to Velocity Telephone

Velocity Telephone, Inc.

Velocity Telephone is your local Minnesota voice, video, data and Internet service provider. From traditional phone service to Voice over IP, local to long distance, T-1 to GIG-E Ethernet, Velocity Telephone has the innovative solutions for your business. We develop custom solutions for businesses large and small, with multiple or single locations. We combine this with outstanding local service and support.

Velocity Telephone continues to provide Minnesota businesses unique solutions and a positive alternative to the current voice and data providers. We are founded on the principal of doing what is right for our customers, and this principal guides us in all that we do.

I would love the opportunity to work with your business. Please contact me so I can find out more about your business and provide you with solutions that will help your business grow. You can be the next company to benefit from our outstanding customer service, innovative solutions and local technical support!

Jim Hickle
